Proceed onward to **Khor Rori creek**, the site of the ruined city of **Samhuram** (visit from outside), and capital of ancient Arabia's frankincense trade. Excavations have produced evidence of an ancient city with trade links by sea to far eastern destinations and with even distant Greece. **Mirbat**, the ancient capital of Dhofar, was an important town as early as the 9th century for its trade in frankincense, horses and slaves. See some of the old houses famous for its woodcarvings. One of Dhofar's best-known historic sites is **Bin Ali's Tomb**. The twin domed structure; tomb of Mohamed bin Ali who died in 1135 AD is a fine example of medieval architecture.

Visit the Biblical **"Nabi Ayoub"** Prophet **Job's Tomb**, perched high up in the "Jebel" (mountains). En route are spectacular views of the plains, mountain landscape and emerald green pastureland. Proceed to **Mughsail Beach** where "Blow-holes" - (perforations in the limestone rock) through which sea water gushes during high tide. Experience the **Hairpin Bend Roads** for approximately 15/20-Kms, which will take you to a wadi. The views are breathtaking due to heights involved. This is the road that takes you to the Yemen border. At the nearby bird sanctuary, one may see seasonal birds. En route, the stark shape of leafless **Frankincense Trees** dots the landscape. Once traded as a commodity more precious than gold, frankincense harvested in Dhofar is rated the best in the world.
